

PG
(Mouse monoclonal Antibody anti-human Aggrecan)

PRODUCT ANALYSIS SHEET

Cat # 51.146.12

Clone:	4D11 2A9
Batch:	
Size	
Format:	Biotin Conjugated, Liquid
Concentration:	
Preservative:	
Purification:	Purified by Protein A affinity chromatography
Isotype:	IgG1
Immunogen:	Human recombinant PG
Mouse / fusion partners:	Balb/c (Charles River)/ NSO
Specificity :	Recognizes natural human aggrecan. The epitopes recognized are Hyaluronic Acid Binding Region (HABR)
Application:	ELISA as detecting antibody
Storage & Stability:	-20°C
Update:	November 15, 2011

Date & Signature
