

INSULIN
(Mouse monoclonal Antibody anti-human Insulin)

PRODUCT ANALYSIS SHEET

Cat #

Clone: 2/5E4
Batch:
Size:
Format: Biotin Conugated, Liquid
Concentration:
Preservative:
Purification: Purified by Protein A affinity chromatography
Isotype: IgG1
Immunogen: Human recombinant Insulin
Mouse / fusion partners: Balb/c (Charles River)/ NSO
Specificity : Recognizes natural Insulin
Application: ELISA as capture antibody
Storage & Stability: -20°C
Update: November 15, 2011

Date & Signature
