

LH
(Mouse monoclonal Antibody anti-human Luteinizing Hormone)

PRODUCT ANALYSIS SHEET

Cat #

Clone: 2/22E2 2H4
Batch:
Size
Format: Purified Unconjugated, Liquid
Concentration:
Preservative:
Purification: Purified by Protein A affinity chromatography
Isotype:
Immunogen: Human recombinant LH
Mouse / fusion partners: Balb/c (Charles River)/ NSO
Specificity : Recognizes natural and recombinant Human LH
Application: RIA/ELISA as capture antibody
Storage & Stability: -20°C
Update: November 15, 2011

Date & Signature
