

LH
(Mouse monoclonal Antibody anti-human Luteinizing Hormone)

PRODUCT ANALYSIS SHEET

Cat # 53.131.46

Clone:	I/4A11 2D7 AE6
Batch:	B16A5/2P1/4
Size	1 mg /806 µl
Format:	Purified Unconjugated, Liquid
Concentration:	1.24 mg/ml in PBS 0.1M pH 7.4
Preservative:	0.5 gr/L
Purification:	Purified by Protein A affinity chromatography
Isotype:	IgG1K
Immunogen:	Human recombinant LH
Mouse / fusion partners:	Balb/c (Charles River)/ NSO
Specificity :	Recognizes natural and recombinant Human LH
Application:	RIA/ELISA as capture antibody
Storage & Stability:	4° C /31.05.2026
Update:	November 15 , 2011

Date & Signature
