

hCG
(Mouse Monoclonal Antibody anti-human Chorionic Gonadotropin)

PRODUCT ANALYSIS SHEET

Cat #

Clone:	8/2F1 3C6
Batch:	B4L1P1B2
Size	1 mg / 1 ml
Format:	Biotin Conjugated, liquid
Concentration:	1 mg / ml in BBS 0.1M Ph 8.0
Preservative:	None
Purification:	Purified by Protein A affinity chromatography
Immunogen:	Human recombinant hCG
Mouse / fusion partners:	Balb/c (Charles River)/ NSO
Specificity :	Recognizes natural and recombinant Human hCG
Application:	ELISA as capture antibody
Storage & Stability:	4°C / 13.12.2017
Update:	November 15, 2011

Date & Signature
